

Vol 22, No 3 (2019)

Table of Contents

Plant Science

[Effects of seed bed types and weed control methods on the vegetative parameters of long cayenne pepper \(*Capsicum frutescens* L.\)](#) [PDF](#)

Angela Amao, Adijat Temitope Ajibola

[Development of botanical composition of grassland affected by the different exploitation intensity](#) [PDF](#)

Miriama Paulisová, Ľuboš Vozár, Peter Kovár, Peter Hric, Petra Verešová

[Green fallow soil vs. intensive soil cultivation – a study of soil structure along the slope gradient affected by erosion process](#) [PDF](#)

Vladimír Šimanský, Lukasz Mendyk

[Identification and relative abundance of native arbuscular mycorrhizal fungi associated with oil-seed crops and maize \(*Zea mays* L.\) in derived savannah of Nigeria](#) [PDF](#)

Nurudeen Olatunbosun Adeyemi, Muftau Olaoye Atayese, Adebanke A Olubode

Animal Science

[Productive and physiological characteristics of West African dwarf goats fed cassava root sieviate-cassava leaf meal based diet](#) [PDF](#)

Peter-Damian Chukwunomso Jiwuba, Florence Oluchi Udemba

[Effects of low protein diets with amino acids supplementation on biochemical and faeces parameters in weaned piglets](#) [PDF](#)

Lukáš Bujňák, Ľubor Bindas, Iveta Maskal'ová, Tomáš Mihok, Petra Timkovičová Lacková, Pavel Nad'
